Victim & Witness Information Partnership

vip@warwickshire.pnn.police.uk

What is VIP?

- VIP is a unique support service for victims and witnesses in Warwickshire
- It brings together professionals from a wide variety of organisations – including key criminal justice agencies – in one location
- They work in partnership to provide a premium service specifically tailored for all communities
- Based within the Justice Centre, Leamington Spa, VIP is unique in its tailored service provision to victims and witnesses.

How does VIP work?

If you are a victim or a witness of a crime we will contact you once someone is charged with that crime.

We agree with you what level of support and information you need – our service is tailored to each individual.

To help you understand the processes involved we can:

- explain and guide you through each stage as the case progresses
- arrange a visit to a courtroom prior to the trial
- provide the court with details of the impact of the crime on you and your family.

Sensitive cases will receive specialist attention.

You can also report anti-social behaviour at VIP and our dedicated coordinator will guide and support you.

Our service is completely free and you can visit us without an appointment.

Who is involved?

- Anti-Social Behaviour Coordinator
- Crown Prosecution Service
- Domestic Abuse agencies
- National Probation Service Warwickshire Area
- The Court Service
- Victim Support Service
- Warwickshire Magistrates' Courts Service
- Warwickshire Police
- Witness Support Service
- Youth Justice Service
