### **29/01/18 - Make the Right Call**

#### **Make the Right Call**

Warwickshire Police have launched a series of help and advice pages and downloadable leaflets in the Contact us section on our website.

This information is there to support members of the public in 'making the right call' in the event of something happening and, to make the right call to the right service, first time.

This in turn will reduce the number of calls going in to the Warwickshire Police Communications Centre, meaning that the staff are available for the Grade 1 emergency calls and to reduce the waiting time for anyone calling in on 101.

Please click on the following link to see the information: [Make the Right Call](#)

***Please ignore the last message that I sent with the same title as I appear to have included a link to the West Mercia Police website rather than the Warwickshire Police website.***

***I offer my sincere apologies for any confusion caused.***
