13/02/19 - Doors Knockers - Kenilworth

Please be aware that a number of individuals were around Kenilworth on Tuesday 12 February 2019 door knocking and trying to sell items. The activity went on until approximately 21.00hrs.

Police attended several reports and checked out some of the individuals doing the door knocking. No offences were detected but the door knockers left the town after intervention by the police.

Residents are advised to think carefully before opening their door, particularly after dark, if they are not expecting a caller. We further advise that if in any doubt householders should not open or answer their door to any unexpected callers.

13/02/19 - "Security Company" Scam Warning

Residents are warned of a what is described as a 'security company scam' operating in this area where a telephone call is received by householders. The caller purports to be from a Security Company and may state that they are endorsed by Warwickshire Police and/or West Midlands Police. The caller then seeks to make an appointment with the householder to review security at the householders property.

Householders are advised that Warwickshire Police, in common with all other police forces, **DO NOT** endorse any companies, including so-called security companies.

It is believed these calls are a scam and householders are advised NOT to provide any personal details or agree to any appointments. Simply end the telephone call.

If you know or care for anyone who may live on their own and/or may be vulnerable please make sure they are advised and check if they have received any such calls.

Anyone with any concerns should contact Warwickshire Police on 101
