We aim to work our published service levels. Where we rely on the services of a third party, we cannot be held liable for any delays caused by those third-party providers for us being unable to meet the service levels.

Our SLAs relate only to NPPV, unfortunately where an SC or CTC is attached, we are unable to offer an SLA for this part of the clearance as these are provided by a third party (UKSV) and are outside of our control.

* The validity of clearance transfer will be valid to the expiry date of the transferred clearance.
