## **From the Sergeant – 1614 BUTLER**

Hi from Nuneaton and Bedworth Safer Neighbourhood Team!

Firstly I would like to take this opportunity to introduce myself to those who don't already know me or aware I am replacing PS Adam Skelsey. I am PS Elliott Butler and having previously worked on the Safer Neighbourhood Team I am pleased to be returning back to this role after almost 5 year departure. During this time I have had numerous roles but primarily working on response. I have almost 18 years policing experience.

I am very excited to have be given this opportunity and be a part of this well-motivated team, helping to protect your communities from harm. I would like to thank PS Adam SKELSEY for his good work as he moves to his new role within North Warwickshire SNT. Good luck Adam!

It is recognised it has been a difficult time for all under Covid Lockdown / restrictions coupled with the recent adverse weather conditions. This has its various challenges for all within the community. At times people are trying to balance their work / family life and maybe having to home school and some individuals are completely isolated or having to adjusting to having no work at all. Please seek the right support where you can and continue to support each other.

I don't feel I have to remind people to help keep each other safe and follow Public Health England guidance, adhering to the rules / laws. But unfortunately we still have reports of clear breaches Please continue to stay safe identifying any concerns or vulnerabilities communicating this to us so we can support you and those that need our assistance.

You may have seen recently there has been an increase in both proactive plain clothed and uniform patrols with targeted operations taking place. Providing an increase in high visibility foot patrols. These have been well received and allows for us to engage with the public providing an opportunity for you to talk to us, ask questions etc. So please, if you see us, come and speak to us especially our community support officers (PCSO) even a brief general chit chat but especially if you have any concerns within your community. Because if we don't know we can't always help you. Help us to help you keep your communities safe!

Please follow our Social media this provides further information / topics allowing you to follow the warrants / operations taking place. It's a great way to stay informed and raise any issues or concerns you may have.

Thank you Elliott

## Dog theft – Crime advice

### Contact Warwickshire Police

If you believe your dog has been stolen rather than escaping or otherwise going missing, you should report the theft to Warwickshire Police on 101 providing as much information as possible about:

- The description of your dog.
- Dates and times for when you last saw your dog.
- The circumstances around your dog's disappearance.
- Contact names and numbers of anyone you believe may have access to your dog.
- Descriptions of people or vehicles seen acting suspiciously in the area.

### Protect your dog from thieves

- Never leave your pet tied-up unattended, such as outside shops for example.
- Make sure your dog is wearing a collar and ID tag when in a public place, as you are now required to do by law. Include your surname, telephone number, address and full post code and if there's room, put 'microchipped' on the tag if your dog has a chip.
- Ensure your dog can be permanently identified by its microchip. A microchip is normally sufficient to identify your pet if it does become lost or stolen.
- Ask your vet to check your dog's microchip every year to ensure your details are accurate and up-to-date.
- From 6 April 2016, all dogs must be microchipped and registered to an approved database by the time they are eight weeks old. Puppies can usually be microchipped from four weeks of age depending on their size, so ensure this is done as soon as possible.
- Keep all documentation relating to your dog(s) in a safe place. Include clear photos of front and side profiles of your dog. Make a note or take a picture of any unusual markings.
- Be cautious when choosing someone who will care for your dog(s) while you are at work, in hospital or on holiday. Be clear about when the dog will be handed over and who will collect it.
- Use a registered boarding kennel or professional dog carer with documentation to this effect unless you know someone who is trustworthy that will care for your dog in your absence.
- Train your dog not to go out of your sight on walks. Use an extending lead if the dog does not comply. Vary your walk times and routes.
- Beware of strangers who show interest in your dog: don't give details about your dog. Don't allow strangers to have their photograph taken with your dog.
- Ensure your garden or outside space is secure. Check it regularly for wear and tear or gaps. It should keep your dog in and trespassers out. Keep your dog in view when it goes out into the garden, don't leave it unattended.

## Protect your dog from thieves

Your local Safer Neighbourhood Teams recognise the increase in the national crime trend of dog theft. We want to share some advice with you, things you can do to protect your beloved pets.

- Never leave your pet tied-up unattended, such as outside shops for example. **THINK...would you leave your wallet or handbag outside???**
- Make sure your dog is wearing a collar and ID tag when in a public place (it is the law) Include your surname, house number/post code. **DO NOT ADVERTISE THE DOGS NAME!**
- Ask your vet to check your dog's **microchip** to ensure it is still 'live' and can be detected.
- Log on to the microchip and ensure your **contact details are up-to-date.**
- Train your dog not to go out of your sight on walks. Use an extending lead if the dog does not comply.
- Beware of strangers who show interest in your dog: **don't give details about your dog. Don't allow strangers to have their photograph taken with your dog.**
- Ensure your garden or outside space is secure. Check it regularly for wear and tear or gaps. It should keep your dog in and trespassers out. Keep your dog in view when it goes out into the garden, **don't leave it unattended.**
- **BREEDERS** - Be mindful where and how you advertise puppies for sale. Is it a secure site? Are your contact details secure? Are your kennels secure?

### When walking your dog:

- **Vary your route and times of walks.** Stick to well lit, open areas where you can see around you.
- **Walk with another person** – even the current guidelines allow this, just maintain social distance.
- Carry a **panic alarm** or something that will attract attention to yourself should you find yourself confronted.
- Keep your dog **'building side'** of yourself when walking along the road. This restricts the accessibility to the lead from a passing vehicle.

If you think you may have seen or heard anything suspicious or have any information about this incident then please call Warwickshire Police on 101 or alternatively you can call Crimestoppers anonymously on 0800 555 111

## Out and about with Nuneaton East SNT

### Parking on Golf Drive

During lockdown having a walk in the countryside is providing a welcome relief for many. However we are receiving regular complaints of vehicles parking on Golf Drive in such a way that farm machinery is unable to get past. We are also concerned about the access of emergency vehicles should they need to get to the farmhouses/buildings. Nuneaton East SNT would like to politely ask that should this be a regular area for you to visit that you please be considerate where you park your car. Please be aware of any obstruction you may be causing. There is also concern from the farmer that damage may be unintentionally caused to vehicles parked on Golf Drive due to the size of farm equipment being driven through. Any vehicles deemed to be causing unnecessary obstruction will be issued a parking ticket. Below are image examples of the size of farm vehicles that require access.

[Thank you for your co-operation](#)

On Friday 5th Feb, Nuneaton East did a live Q&A session on Facebook. We went live on both the Weddington Neighbourhood Watch page and St. Nicolas Park, Longshoot, Royal Park and Horeston Grange Neighbourhood Watch page.

We are pleased to report that:

- Approximately 1,600 unique views across both streams.
- Average of 40-50 live viewers on each stream at any one time.
- 46 likes/reactions, 129 comments/questions.
- Local councillors watched live with members of the public.

Please look out for our next Q&A session details on our Facebook page

**COVID – STAY SAFE**

Your safety is paramount importance to the Nuneaton SNT.

When out and about please remember to wear a face mask where applicable, ensure social distancing guidelines are adhered to and remember to follow government guidelines regarding the latest restrictions.

**A word of warning – fines have been issued to those not adhering to government guidelines. Stay alert and stay safe!!**

**Update on our priorities**

The priorities for Nuneaton East are:

- **Reduce ASB in Nuneaton East hotspots**
- **Keep acquisitive crime low**
- 

If there are any other suggestions on what Nuneaton East SNT should be focusing on, please get in contact with us.
