From the Sergeant – 1614 BUTLER

Hi All,

It's that time of year again when the nights are drawing in whilst getting colder and darker.

With Halloween and Bonfire night fast approaching I've already seen the preparations people are making for these, creating some really great pumpkins, whilst preparing their fancy dress. It's great to see the fun you're having with this.

However when trickle treating can I please ask that we are mindful and respectful of all our community and residents. Those that are vulnerable can feel intimidated and scared within their own homes. Please respect this and understand that not everyone wants to participate in this. Parents should be mindful where and whom their children are with and ideally accompanying them.

I believe there are some really good local planned events which are always great to be a part of and encouraging attending these, but some will want to put on their own display and therefore remind those hosting their own to be safe when doing so especially when handling and dealing with fireworks. Be respectful of our neighbours, pets and wildlife.

In regards to the change in weather when going out and about ensure you secure your property and belongings, locking your cars at night as the dark nights allows for more opportunity. Please don't leave your cars running on the cold winter mornings.

Check and plan your environment / journey when either walking or driving, ensuring you're prepared appropriately for these journeys.

Hope you have a great time and stay safe!!!

Regards Elliott

This month's CRIME PREVENTION advice...

Bonfire Night..... Remember! Remember!

- It is illegal to sell fireworks to anyone under 18 years of age. Maximum penalty of £5000 and/or six months in prison.
- It is illegal to set fireworks between 11pm and 7am (Bonfire night extended to 12 midnight)
- It is illegal to set off any firework in a public place and this carries a fine of up to £5000.
- All fireworks sold to the public must comply to British Safety Standards BS 7114.

Vehicle Crime – Keyless Car

There are simple steps you can take to help keep your vehicle secure and protect you from becoming a victim of crime.

- Make sure the indicators flash when you press the lock button and listen for the doors locking.
- A Steering Wheel Lock can prevent keyless car thefts. When purchasing a security device look out for 3rd party approval, whereby the product is tested against tools used by criminals such as Crowbars and Angle Grinders.
- Use car key signal blocker cases/sleeves, they cost less than £10, or an aluminium tin at home. Find a safe place for your keys at home and check to ensure they are out of range.
