Gross Misconduct - Breach of the standards of professional
behaviour, in particular those relating to:

**Standards of
Professional
Behaviour
breached**

- Honesty and Integrity
- Orders and Instructions
- Confidentiality
- Discreditable Conduct

**Conduct that
gave rise to
breaches**

1. Between 16th February 2017 and 20th February 2017 PC Nairn told an identified police officer that he had interviewed a known suspect and that, during interview, the suspect admitted being the driver of a vehicle. In reliance on the information he provided, the officer drafted an inaccurate MG5 police report for the CPS. PC Nairn knew that the information provided to the officer was not true.
2. On 26 February 2017 PC Nairn provided a witness statement asserting that he had interviewed a known suspect regarding driving matters. The witness statement was dishonest because, although he did interview the suspect he did not ask the suspect any questions during interview in relation to the suspected driving matters.
3. On 3rd May 2017 PC Nairn used a computer to access the ANPR back office facility to carry out checks on a work colleague's personal vehicle. This search was not for an appropriate policing purpose and was carried out in breach of Data Protection Policy.
